Can you believe that every one of us started as a tiny egg in our mummy's belly? One tiny cell, not bigger than a speck of dust, will grow into a baby in just nine months time. In this book, we follow this amazing process called pregnancy, and see the miracle of a creation of a new life. This fun and informative way to prepare your child for the arrival of their new baby brother or sister is written by two of today's most popular mum bloggers in the English language world, and co-founders of Babyccino: Courtney Adamo and Esther Van de Paal.
